Our Staff

The topLingo capacity to build your application is much more than needed. We are a team of around 15 highly talented & dedicated individuals with years of experience in our respective fields. All are passionate about what we do and are committed to providing the best possible customer service.

topLingo Organizational Chart

Outside Contractors (Sub-Contractors) or Consultants

The topLingo capacity to build your application is much more than needed. We are a team of 20+ highly talented & dedicated individuals with years of experience in our respective fields. All are passionate about what we do and are committed to providing the best possible customer service.

Brief History

topLingo incorporated in April of 2001 however principals Michael Glezos and Jason Berry have worked together for over 13 years in the website development industry. 50% owners, business partners, friends and snowboarders Jason and Mike have collectively increased business in every year since topLingo's inception. Our offices reside in Costa Mesa, CA.

Locations

Our main office is located in Irvine, CA where development is done on over 15 local machines and on 1 local server. Production releases and site specific development is done on over different 15 servers all owned by topLingo and topLingo clients across two different top-tier data centers. Both data centers reside in Orange County, CA. All software and hardware used by topLingo are updated and monitored frequently.

Strategic Alliances

topLingo has established many strategic alliances over the years including Microsoft, Google, Level3 Communications, XO, Hosting.com, GoDaddy.com, Amazon.com, Yahoo, WebSuperGoo and many others for various aspects of web application development.

Hourly Range Respective to Staff and Hours

TopLingo quotes one hourly rate for all of our services and all projects are quoted on a fixed bid based on the amount of hours estimated at our hourly rate of \$125 per hour. Future updates and changes not quoted in the original contract are billed in increments of 15 minutes at the same hourly rate.

Standards of Performance

topLingo adheres to the strictest standards of performance and quality, and verifiable by contacting our references.

Taxes

topLingo Development, Inc. or topLingo for short is a California S-Corporation.

Copyrights

topLingo is a custom website developer who provides one-of-a-kind solutions for our clientele, thus all content developed by topLingo for this project (programming, graphics, source code content, etc.) is the property of Your company. Any copyrighted material used, like photography must have licenses purchased by Your company.

Insurance, Lawsuits and Security Audits

topLingo holds all appropriate insurance for working with Fortune 500 and Municipal businesses. Our insurance includes \$2 million in General Liability, \$1 Million in Professional Liability, Workers Compensation, and we can add your company to be additional insured if needed. From inception we've never had to use our insurance and we have no lawsuits pending. In addition, security audits are performed by Symantec on specific topLingo applications and hardware on a yearly basis in which topLingo has always passed with flying colors.
