www.topLingo.com

Overview

TopLingo Development, Inc. (www.toplingo.com) incorporated in 2001 and is headquartered in Irvine, CA. TopLingo is a leader in web-based software applications for technology, financial, entertainment/media and other industries nationwide. For nearly a decade, topLingo has provided B2B solutions for website and web application development, e-commerce, database design, graphic design, e-marketing and secure web hosting. Creative, competitive, cool, responsive and award-winning are all adjectives that describe us. TopLingo has launched over 400 web projects. Our clients include Chase, Fidelity National Information Services, HSBC, Air New Zealand, ZyXEL Communications, the Estate of Miles Davis and many others.

Qualifications

TopLingo has produced 400+ web applications and websites to date. Our client list runs the full spectrum, from Fortune 500's to entrepreneurial establishments, including:

Staff

Our team expands to meet client demand. We have around 15 highly talented & dedicated individuals with years of experience in web software development. We are passionate about what we do and are committed to providing the best possible customer experience.

Organizational Chart

Locations

Our office is located in Irvine, CA. This is where all programming is performed. Hosting and managed services are collocated at Level3's tier 1 Tustin facility. Critical applications are mirrored at a second top tier facility in Kentucky. Our server farm is comprised of 18 servers, all owned and managed by topLingo. All software and hardware used by topLingo is updated and monitored frequently.

Strategic Alliances

TopLingo has established many strategic alliances over the years including Microsoft, Google, Level3 Communications, XO, Hosting.com, GoDaddy.com, Amazon Cloud Services, Yahoo, PayPal, and many others.

Hourly Range Respective to Staff and Hours

TopLingo quotes one hourly rate for all of our services. Depending on client preference, our services can be retained on a Time & Materials basis at an hourly rate of \$125. Alternatively, we can bid projects out a fixed cost with accommodation for scope creep and updates. Future updates and changes not quoted in the original contract are billed in increments of 15 minutes at the same hourly rate.

Performance Standards

TopLingo adheres to the strictest standards of performance and quality, including PCI compliance on current ecommerce projects. We also pass quarterly security audits provided by multiple third-party firms, including Symantec. This is verifiable by contacting our references, which can be provided upon request.

Taxes

TopLingo Development, Inc. is an S-Corporation, incorporated in California in April, 2001.

Copyrights

TopLingo is a custom website and web software developer providing one-of-a-kind solutions for our clientele. All content developed by topLingo for a given project (programming, graphics, source code content, etc.) is the property of the client.

Insurance, Lawsuits and Security Audits

TopLingo maintains all appropriate insurance for working with Fortune 500 and Municipal businesses. Our insurance includes \$2 million in General Liability and E&O and \$1 million in professional liability and workers compensation. We have the ability to name our clients and provide certification to that effect, if required for a project. From inception we've never had to use our insurance and we have no lawsuits pending.
